SuperHeroes Gala

The first annual Gathering of SuperHeroes Gala for the Courageous Faces Foundation was held on May 6th, where a replica 1966 Batmobile surprised guests as they arrived and enjoyed cocktails, appetizers and a silent auction before heading into the Marriott City Center's ballroom for the inspirational gala. In addition to remarks from President & CEO Trish Morris, a video tribute to honorees Courageous Spirit Award recipient Johnny Quinn and World Humanitarian Award recipient, Robert Barron, retired former CIA Master of Disguises, the gala introduced guests to the real superheroes of the evening, the beautiful Faces of the Foundation who had flown in from all over the country. The evening not only raised funds, but also awareness for many rare and severe medical conditions, which were talked about by the Faces who shared their heartfelt personal journeys. The World Classic Rockers, former legendary band members from Journey, Boston, Santana, Steppenwolf and Lynyrd Skynyrd, got the packed house up on their feet to dance the night away.
